

ROBEL HAGOS MAHRAY

Kampala, Uganda | Phone: 256706780673 | Email: robihagos18@gmail.com | GitHub: Robel-code24

EDUCATION

International University of East Africa — Kampala, Uganda

Bachelor of Science in Computer Science

Graduated: 2025

Second Class Upper Division | CGPA: 4.23/5.0

Relevant Coursework: AI, Data Structures, Software Engineering, Databases, Networks

EXPERIENCE

IT Intern — Razortech Company, Kampala

March 2024 – April 2024

- Helped with network setup and troubleshooting
- Supported system maintenance and general IT tasks

PROJECTS

Driver Drowsiness Detection System

- Built a real-time system using Python (OpenCV, MediaPipe) and Arduino
- Detected driver fatigue and triggered alerts (buzzer, LED, SMS)
- Integrated hardware and software for real-time response

Motion Detection Alarm System

- Built a motion detection system using Arduino and PIR sensor
- Triggered buzzer and LED alerts when movement is detected

Distance Detection System

- Developed a distance measurement system using ultrasonic sensor and Arduino
- Triggered alerts when objects are too close

ACTIVITIES AND LEADERSHIP

Academic Projects Team Member

- Worked with classmates on academic projects
- Helped solve problems and debug systems
- Learned new technologies outside class

SKILLS

Programming: Java, Python, SQL, JavaScript, HTML, CSS

Technical: Data structures, object-oriented programming, databases, networking, embedded systems

Tools: MySQL, IntelliJ IDEA, Git

Other: Problem-solving, teamwork, communication
